Proof (Team) Round

- Time limit: **60 minutes**
- Olympiad-style test with 7 questions
 - Team Round weighted 25% of overall score.
- Collaboration with teammates allowed (and encouraged!)

Integration Bee

- Qualification Round

- Interested participants **should remain** in their individual round testing center to take qualification exam.
- Please make sure you have full intent to compete in the finals. Anyone who qualifies and does not show up will be **indefinitely banned** from competing in the integration bee again.
- The score is calculated as the number of correctly answered questions, with ties being broken using reverse sudden death method.
- Top 16 individuals will be announced in Ramo Auditorium right after the Team Round is completed.

Integration Bee

• Qualification Round

- Interested participants **should remain** in their individual round testing center to take qualification exam.
- Please make sure you have full intent to compete in the finals. Anyone who qualifies and does not show up will be **indefinitely banned** from competing in the integration bee again.
- The score is calculated as the number of correctly answered questions, with ties being broken using reverse sudden death method.
- Top 16 individuals will be announced in Ramo Auditorium right after the Team Round is completed.

• Finals

- Students will return to Ramo Auditorium, meeting the announcer at the front to confirm they are indeed the finalists.
- All finalists will remain in the front row during the competition.
- Remaining instructions will be read during the event itself.

Other Important Rules

- No calculators, computers, collaboration outside your team, etc.
- Only blank paper allowed for scratch work (you are permitted to use your own blank paper). **Graph and lined paper are not allowed.**
- Ruler and compass allowed, but **protractor not allowed.**
